

Art In The Afternoon

Art in the Afternoon brings 12 innovative and fun video-based art lessons to your after school enrichment requirements! Our high quality, easy to teach lessons have been successfully implemented by art specialists. The video format makes it easy for any instructor with any level of art experience. Each hands-on lesson is demonstrated on video by an art educator with over 30 years' experience. We explore art elements and principles as well as art history and appreciation.
